

**WELCOME TO THE
BONDURANT CHRISTIAN
CHURCH PRESCHOOL**

We at the Bondurant Christian Church Preschool believe that an early childhood education program should serve as an extension of the family, providing education services, nurturing and support toward the development of the whole child. We believe that each child is special and develops into his/her own unique person. The preschool offers developmentally appropriate activities to help children grow intellectually, socially, creatively, emotionally, spiritually, and physically. We strive to make our activities fit the needs of growing preschoolers with a main emphasis on having fun while learning.

Our program values teachers and parents as partners in the child's education and well being. We believe that children learn at their own developmental rate and can learn through active involvement and play.

**Bondurant Christian Preschool
Mission Statement**

We at the Bondurant Christian Preschool will strive to develop the young child socially, emotionally, mentally, physically, and spiritually in our commitment through quality education and curriculum in a safe and nurturing environment.

The purpose of the preschool is to provide your child with a happy social and group play experience, to provide a setting that promotes learning and healthy development, and to assist your child in meeting and adjusting to situations in everyday life through tried learning experience.

Our preschool encourages parent participation and involvement either by classroom visits, which are welcome at any time, volunteering for various activities, field trips, and class parties. We also have Parent Day and Grandparent's Day.

Play is a vital way that children learn socialization, imagination and creativity. Our curriculum and environment provides many child-selected learning centers to nurture the natural eagerness of each child, and promotes creative thinking and problem solving. The preschool will utilize an emerging curriculum designed to meet the needs of its students using thematic units and equipment that is developmentally appropriate. Preschoolers will enjoy many fun subject themes and we will also incorporate Christ's Birthday, Resurrection, and faith based themes each year.

Our goals are to instill within each child a sense of their own self worth, a love of learning, compassion for others, and readiness for the experiences ahead.

Our preschool has been in operation for over 30 years. We value our teaching staff for their ability to communicate well with students and parents. They attend teacher training and classes each year to keep them informed of changing regulations and provides them with new curriculum ideas that keep the preschool safe and fun for our students. We follow closely with NAEYC guidelines. We have also voluntarily started the QRS (Quality Rating System) program set up by the state to ensure quality programs.

Our facility is licensed and inspected by the State of Iowa.

If you would like further information about our program, please contact the Director, Cheri Waterhouse at 967-2328. bondurantps@aol.com
