Frogs, Turtles, Caterpillars, Bumblebees, & Ladybugs February 2011

Themes for the Month: Sharing Our Love, Valentine's, Healthy Teeth & Bones, and The 5 Senses

Welcome to February! I hope the Groundhog does his job because I'm ready for some warmer weather! Please remember that the temperature/wind chill has to be above 20 degrees for us to get outside. But, please continue to send all of the cold weather gear with your child. Thank you!

We will be jumping into February with the theme of Sharing Our Love! Since our sharing unit in November went so well, we thought we would try it again! This time, we would like to share with our preschool family, The Englebrechts! Many of you know Lily (in our Turtles class)! Her father, Joe had a stroke at the beginning of January... he's only 33 years old and is still in the hospital. Although, he's making progress, the road to recovery will be a long one. Please join us in helping this family! I will be sending home a letter with more information. Thank you in advance for your kindness and generosity!

The preschoolers will begin our review of colors/shapes and continue our trek through the alphabet. They will also continue to work on their names. It's great to see their eagerness as they come in each day! And, we're so excited about the progress that they are making!

We will be working on our Valentine's treat bags and will also be working on a health unit since it is Dental Health Month! Please watch for backpack notes containing extra information!

Also, a friendly reminder that there will be NO school on Friday, February 18 due to a district out day.

Upcoming Events:

Feb. 4: Zach from the library
